Daily till setup

A clear drawer layout for the start of each day

£75 daily float

Count the opening float and confirm that it totals £75.

Till drawer layout

Place each denomination in its labelled compartment, as shown below.

£5	£10	£20	Receipts / other items
20p	50p	£1	£2
1p	2p	5p	10p

The photo specifies the layout and total float, but not quantities per denomination.

Daily routine

1. Set up the till

Count the £75 float and arrange the drawer using the layout above.

2. Cash up every day

Follow the pharmacy's cash-up process and record the daily cash count.

3. Check and hand over

Report any difference to the manager and follow the agreed handover process.
